## SUMMARY

---

Web developer with 1 year experience building quality websites and applications with HTML, CSS, JavaScript, and React.js.

## PROJECTS

---

**Nucamp Camping.** Information and scheduling (HTML, CSS, React JS, Redux) [Github](#)

*Camping website project using React Redux JS*

- Engineered various reusable components, such as cases with details, add new buttons, and contact form
- Designed a responsive mobile app front-end using React JS library, styled-components, JSX, and CSS3
- Reviewed all pull requests, offered feedback, and merged development code into the main branch for deployment
- Met weekly with fellow developers to share the progress and resolve issues

**Camping website.** Campsite information (HTML, CSS, Bootstrap 4, JavaScript) [Github](#)

*Camping website using Bootstrap 4*

- Designed a responsive site using Bootstrap 4 library
- Implemented Bootstrap mobile nav menu to hide desktop navigation links and display dropdown navigation

**freeCodeCamp.** Information and survey site (HTML, CSS, JavaScript) [Github](#)

*Parallax effect for freeCodeCamp survey website project.*

- Designed parallax effect along with survey using CSS and JavaScript

## TECH SKILLS

---

• JavaScript / React JS / Node Js / Express

• Git / GitHub / HTML5 / CSS3

## WORK EXPERIENCE

---

**Intern Front-end Developer Remote.** Rapid 3D Studio. San Diego, CA Aug 2018 – Aug 2020

- Adjusted and replaced defective or improperly functioning circuitry and electronic components for 3D printing machines
- Assisted in defining, automating, and executing development tests in support of the engineering team
- Perform debug and performance analysis of code and systems

**Certified Nursing Assistant.** Tucson Medical Center. Tucson, AZ July 2020 – Jan 2021

- Provide high quality patient care while maintaining a safe environment for patient and staff
- Prioritize patient workflow and optimize patient care outcomes in high stress and often dangerous scenarios
- Spoke English / Spanish / Chinese to best communicate with patient and staff

**Technical Partner.** Scripps Health. San Diego, CA May 2012 – July 2020

- Stabilize incoming trauma patients for rapid transfer to Intensive care or emergency surgery
- Manage and optimize patient flow from triage to discharge or admission

**Deployment Planning Coordinator.** Sony. San Diego, CA Jul 2008 – Jan 2009

- Data analysis of sales and inventory data sets
- Management of product allocation from factory to distribution centers and eventual client warehouses
- SAP Db management and query for custom report generation
